# Submit Oral Presentation Video Recording

**WSA Internship Video Presentation Guidelines**

Prepare an internship video presentation covering all aspects of the Internship & Project. Video should be uploaded in YouTube and link should be submitted here

**Note:** Make sure that Youtube video is not private. It should be public.

**Submission Deadline:** Video presentation should be submitted by **9-October-2023**

**Guidelines to follow**

Prepare a presentation video covering what you learnt and implemented during the Internship.

Include Overview, Goals of Internship, Brief Project Requirements, Architecture & Design, Brief about Full Stack Web development and MERN Stack, Implementation details and Conclusion. You can add more topics on top of this.

Use a PPT/slide deck to explain and record the project presentation.

Show project demo towards the end of video.

Duration of the video presentation can be between 20-30 minutes.

Guidelines for Group submission

A group can have a maximum of 4 interns.

All group members should individually submit the video in LMS.

Each group member should take turns to present the video. Do introduce yourself when you start presenting.

**Other Notes:**

Non interns part of a group will not get Internship Certificate

Internship submission will get rejected if the video presentation does not include the project details and demo.

Internship submission will get rejected if the presentation is not of good quality

Certificate will be sent once the videos are reviewed. This typically takes additional 2 weeks time form the deadline.

Video should be uploaded in YouTube and link should be submitted here.

To record a video, you can use any of these tools:

[Tool 1: Screenrec - Free Screen Recorder](#)

[Tool 2: Debut Video Capture & Screen Recording Software](#)

[Tool 3: OBS Studio](#)
